

Job Application Letter

HR Department
Hargeisa, Somaliland

Dear Sir,

I am writing to apply for a position at the. With my diverse experience in programming, combined with my ICT studies at Hargeisa University, I believe I am well-equipped to contribute effectively to your esteemed organization.

In my previous roles as a **Full Stack Engineer** and **Mobile App Developer** at Code Somali Teach, as well as an Assistant System Engineer working on secure mobile applications, I developed strong skills in software development, coding, system management, and operational oversight. Additionally, my academic background in computer studies has equipped me with proficiency in modern development tools and applications.

I am particularly drawn to your organization's commitment to innovation and community development. My passion for excellence, attention to detail, and ability to work effectively under pressure align well with the requirements of this role.

I would welcome the opportunity to discuss my qualifications further and demonstrate how my skills can benefit your organization. Thank you for considering my application. I look forward to the possibility of joining your team.

Yours sincerely,

Gullied Mohamed Farah
